Dear Iowa Tribal Member,

Another year has past, and its time we inform you of the happenings concerning the Iowa Tribe and its operation. We hope that each member of the tribe will take pride in some of the following accomplishments.

IOWA EXECUTIVE COMMITTEE MEMBERS

Howard Simmonds, Chairman Leon Campbell, Vice Chairman Aquila Tilton, Secretary George Ogden, Treasurer John Kreitzer, Member

P.O. BOX 144 HIAWATHA, KANSAS 66434

ANNOUNCEMENT: The annual General Council Meeting will be held October 17, 1981, at 1:00 p.m., on the Reservation in the New Community Facility Building.

TRIBAL OFFICES

The employees in the Tribal Office are: Howard Simmonds, Tribal Chairman, Director of all Programs; Aquila Tilton, Tribal Secretary; Diann Windmeyer, Finance Officer; Christine Henry, Bookkeep er; Angela Beaman, Secretary. The Community Building Office houses the Indian Action Team; Community Health Representative; and the Bus Driver. Rebecca Fee is employed as Secretary.

TRIBAL ASSIGNMENT COURT CASES

In November 1980 the Executive Committee met in Session to discuss the Leonard Fee and George Rhodd assignment. After lenghty discussion and examina tion of records it was decided that the Executive Committee is mandated to carry out the wishes of the General Tribal Council pursuant to the Resolutions adopted by the General Council in 1973 pertaining to the two assignments. Pauline Fee, widow of Leonard Fee and Edith Rhodd, widow of George Rhodd, were notified by the Executive Committee to vacate and surrender the Tribal assignment and improvements to the Iowa Tribe as designated in the Resolutions.

This action caused the Iowa Tribe of Kansas and Nebraska to be named as defendant in law suits filed in United States District Court, Topeka, Kansas, by Pauline Fee (Civil Action File No. 81-4080) and by Mildred Hartman and Glen Hartman (Civil Action File No. 81-4081).

The Executive Committee hired an attorney, Bert Hirsch, to defend the Iowa Tribe.

The case is still in Federal Court.

LAND PURCHASE

Congress sets aside money each year thru FHA for Indian Tribes to buy back land that is located on or adjacent to the Reservation.

This money is made available to individual tribes thru loans with a very reasonable interest rate. There is a 40 year payback. The land must be bought by fair market value. The Committee has been trying very desperatly to utilize these funds or loans that are made available.

WALNUT LOGS

An area of the Park was cleared for a Ball Diamond which resulted in some Walnut Logs being cut. The logs are stock piled to be sold this fall. Bids will be taken. After the logs are sold the money will be deposited at Horton Agency in the IIM account for the Tribe.

TRIBAL FARMING OPERATION

The Tribe is now farming about 260 acres of corn, 50 acres of soybeans, and 30 acres of wheat which was harvested and sold. The money for the wheat crop was deposited in the IIM Account at the Horton Agency as will be the money from the corn and soybeans.

By leasing the equipment of the Indian Action Team to do the grading work on the New Community Building, digging the water line, and also the water line to the late Murray Campbell place, the tribe received \$1850.00 to buy some farm machinery. We now have a tractor, plow, disc, and a corn planter. This equipment is old but in good condition and gets the job done.

BURIAL ASSISTANCE

Burial Assistance in the amount of \$100.00 is provided through the Tribal Budget and is Tribal funded.

This fiscal year checks have been is sued to the beneficiary of the following deceased members:

Dorothy Lucas Henry DeRoin Dr. Bill DeRoin Charles Joslin Ralph Burnett McCurry, Jr. Earl L. Joslin

(cont. pg. 3, column 1)

Lucy Mildred Richey John David Whalen Paula Keller Wesley Dennis Kelley

CEMETERIES

We have four Cemeteries on the Iowa Reservation; Franklin, Partlow, Tesson, and Campbell. We were notified by the Township Cemetery Board that the Tribe would not receive any funds this year to keep the cemeteries mowed due to the Tribal Trust Land not being on the Tax rolls. The cemeteries were mowed and kept up by the Summer Youth Employees. The Indian Action Team also offers their services in opening and closing grave sites. The Campbell Cemetery has been kept up. It will be fenced. At present there is no access road to the Cemetery. The only way to get to the Cemetery is walk in. This problem will be resolved in the near future.

INDIAN ACTION TEAM CONTRACT

The Indian Action Team employees, seven men, five of which salaries are paid thru C.E.T.A. and supplemented thru the contract of the Indian Action Team. The other two salaries are being funded thru the I.A.T. Program.

No salaries are being paid with Tribal funds.

The Indian Action Team employees are: Howard Simmonds, Director; Leon Campbell, General Foreman.

The trainees are Vernon Rhodd, Jr., Ray Robidoux, Billy Simmonds, Richard Richardson, Jeffrey Frederick.

Howard Simmonds also serves as Chairman of the Executive Committee.

Thru this program the work on the New Community Facilities has been completed. Also a new 30' X 50' Road Maintenance Shop has been built at Tribal Headquarters. The funding for this project came from the Area Office in Anadarko. The Indian Action Team provided the labor.

With funds thru the Community Development Block Grant the tribe bought the J & B Bar building on a tax sale. This was all on approval from the Department of Housing and Urban Development (H.U.D.). This building is to be used as a Community Center when the remodeling is completed. The Indian Action Team is doing the work on this project.

A new roof will be put on the Old Community Building, and also storm windows. The Indian Action Team will do this work also. The funds for this project came from B.I.A. (Bureau of Indian Affairs).

Thru the Indian Action Team Contract the construction on the park and recreation area is still being included in this project.

SPECIAL ROAD MAINTENANCE CONTRACT

A special Road Maintenance Contract was received direct from B.I.A. Central Office, Washington D.C. for emergency repair and maintenance of roads within the Reservation Boundaries. This Contract was attached to the Indian Action Team Contract. Through this Contract we are able to employ three Indian persons to work on this special project. They are Thomas Fee, George W. Ogden, Jr., and Harvey A. Frederick.

FOUR TRIBES CHILDREN'S PROGRAM

The Four Tribes Children's Program is a Tribal organization providing services for the four federally recognized tribes in the State of Kansas (Iowa Tribe of Kansas and Nebraska, The Sac & Fox Tribe of Missouri, The Kickapoo Tribe in Kansas and the Prairie Band of Potawatomi Tribe of Kansas). The four tribes recognized the need for implementation of Public Law 95-608, the Indian Child Welfare Act, 25 U.S.C. 1901, which resulted in the development of the Four Tribes Children's Program.

The Four Tribes Children's Program is governed by a Board of Trustees. The Board of Trustees consists of two Tribal Council Executive Committee Members appointed by each respective tribe. Board Members report program activities to their respective Tribal Councils.

The Four Tribes Children's Program is currently serving the four tribes in Kansas and the Indian Center of Topeka, Incorporated, as a child welfare and social service program. The program has been sanctioned by Tribal Resolutions to develop a civil/juvenile code and court system and currently is under contract with the Bureau of Indian Affairs for that purpose. The four tribes by tribal Resolutions have sanctioned the program to contract from the Bureau of Indian Affairs the Social Service Program at the Horton Agency. The program is currently conducting research for the tribes under Public Law 93-638 Grant through the Indian Health Service on Child Health Needs.

The Four Tribes Children's Program has currently established an office within the White Cloud community, the phone number: 595-6600. The social worker responsible for program activities has been on a leave of absence from the program. We are filling this position and any interested individuals should call 966-2100.

The Four Tribes Children's Program provides assistance in referrals to other So cial Service Agencies. We assist in help tribal members apply for state assistance. We license and place Indian children in foster homes when needed.

The main objective of the program is to keep Indian children with their families. We have a basic philosophy that Indian children are the tribes most valuable resource and Indian people have a right to raise their children within their respective Indian Community.

The Four Tribes Children's Program has offices within the Kickapoo, Prairie Band of Potawatomi and Iowa Tribal communities.

Please feel free to contact us for any reason.

ECONOMIC IMPACT STATEMENT

re:

"Should Indian Action Team Programs be Discontinued?"

Issued by

IOWA TRIBE OF KANSAS AND NEBRASKA

Presented to

SENATE APPROPIATIONS SUBCOMMITTEE

September 15, 1981

- 1. The executive Committee of the Iowa Tribe of Kansas and Nebraska has learned that a Senate Appropriations Subcommittee has approved a measure eliminating funds for Indian Action Team Programs in FY 82. The tentative IAT allocation for FY 82 mad been set at 17.3 million dollars. Under the measure approved by the subcommittee, these funds would be reduced to approximately 12.23 million dollars and redistributed among other Bureau of Indian Affairs functions. These functions and the increase in spending authority each would receive are as follows (in millions of dollars): Housing (+4.46); Employment Assistance (+4.45); Business Enterprize Development (+1.4); Agriculture (+.5); Water Resources (+.323); and Wildlife an Parks (+.3).
- Although the Tribal Council recognizes the priority given to achieving budgetar, reductions, it disagrees strongly with the proposed plan to do away with IAT programs
- 3. The proposed shuffle of funds to other BIA line items will in all likelihood do nothing to solve the kinds of difficulties that have plagued IAT - it will only move them someplace else. Furthermore, the disruption of IAT programs will force tribal governments to familiarize themselves with new funding mechanisms under the new line items and will result in an immediate and drastic reduction in Reservation labor forces.
- 4. The IAT program has the responsibility of maintaining vital community services which are generated by combining funds with other federally funded projects to provide road maintenance, upkeep to Tribal Cemetaries, Soil Conservation of Tribal Trust, Land and other Community Services. The total reservation population will be drastically effected by the loss of the Indian Action Team Program.
- 5. The status of Indian peoples vis-a-vis the Federal government is not the same as that of other minority and impoverished groups. The welfare of Native Americans is part of the special Federal trust responsibility. The destruction of IAT programs, insofar as it leads to increased dependence of public assistance, will in effect shift this responsibility to the States - at their expense. This is unfair to Indian peoples, unfair to the States, and contrary to the Federal government's recognized obligations.
- 6. The lowa Tribe is extremely opposed to deleting funding to the Indian Action Team Program FY 82 and recommends the IAT not be destroyed.
- 7. We strongly request your support in this critical issue for economic and social development of the lowa Tribe of Kansas and Nebraska.

THE EXECUTIVE COMMITTEE

The Committee would like to take this means of thanking the Tribal Members for their help and support this past year. The Tribal Government responsibilities are growing each year due to cuts in Government spending Contract requirements, regulations, and reporting systems. We are fortunate in having qualified personnel administering our programs. The Federal Government is looking at how well each Indian Tribe is progressing toward self determination and becoming self supporting.

We are striving toward a small industry located on the Reservation to employ people and generate income to the Tribe. We must have water and roads on the Reservation to operate an industry. We applied for a Community Development Block Grant this year for a water system to provide water on the Reservation and to the Housing Project. Our application was rated in the top ten. We did not receive it. We plan to reapply again next year.

Your tribal office is located on the Reservation. The Hours are from 8:00 a.m. to 4:30 p.m. Your visits are welcome.

> Sincerely, IOWA EXECUTIVE COMMITTEE
