Due to HUD rules and Regulations, as of December 1, 2022, the Housing Authority of the Iowa Tribe of Kansas & Nebraska can no longer rent to Non-Native families. Per HUD regulations, Native American Housing and Self Determination Act (NAHASDA), funds can only be used to serve Native American families. In the past, under the 1937 Act, we could use funds to house all families. In 1999, NAHASDA laws took effect. Since 1999, HUD as issued the Housing Authority a waiver to still house non-native families. As of December 1, 2023 that waiver is no longer in place. The non-native families that currently reside in the apartments will be allowed to stay. All other rules and regulations still apply.
