

Constitution Committee Motion #07

Amendments to Article V

The Committee identified language in Article V, Section 1.a and Section 2 that seemed unnecessary, and recommends its deletion. In addition, the Committee wanted to clarify that a reference to a “Superintendent” is to the regional Bureau of Indian Affairs Superintendent, and that a reference to the “Secretary” was to the Secretary of the Interior.

Committee Recommendations

- See **Committee Motion #01** for proposed corrections to typographical errors, OCR errors, and style.
- See **Committee Motion #03** for proposed amendments deleting most references to the Secretary of the Interior.
